DIALOG PLUSZ SZÁMÍTÁSTECHNIKAI LTD.

The secret to the success of Dialog Plusz Számítástechnikai Ltd. is that we have customer satisfaction the foundation of our business philosophy. Our core principles are flexibility and reliability, which have allowed us to maintain successful long-term partnerships with our clients. In all of our services, we always meet deadlines while taking our partners' needs into full consideration. Dialog Plusz Ltd. has been and still is a valued partner to the largest domestic companies in the banking, insurance, and service sectors.

DIALOG PLUSZ AUDIT LTD.

Our company has been providing auditing services in the domestic market since 1996, with a client list that includes several state and local government institutions, as well as major, well respected, financial players. Our main activities include financial auditing, the auditing of EU-supported grant applications, and conducting IT audits. We also offer services such as asset valuation, advisory support for newly formed companies, and the auditing of group consolidated financial statements.

Our aim is to provide high-quality auditing which presents an accurate picture of our client's operations, and to assist in the success of projects based on EU grant applications within Hungary.
